Dear Brigadier General Walsh,

Thank you for your letter of March 3, 2010 responding to the questions raised by the National Mitigation Banking Association in our letter of January 19, 2010. We appreciate the attention given to our concerns by the Mississippi Valley Division and the New Orleans District. As you advised, our members will continue to work with the District on selection of mitigation for ongoing civil works projects.

The Association values its relationship with the Corps of Engineers and looks forward to continuing to work with your Districts.

Sincerely,

A handwritten signature in black ink that reads "George Kelly". The signature is written in a cursive style with a large, prominent "G" and "K".

George Kelly
President
